School Description

Santa Margarita Leadership Academy currently provides a single classroom environment with a combination of students in grades 6-8. The class is led by one teacher, one classroom assistant, and contains a maximum of 15 students. The small adult-to-student ratio provides intensive academic assistance, strategies to develop social skills and provides opportunities for success. A school counselor works with groups and individual students weekly to focus on leadership social skills. In addition, both parents and students are encouraged and assisted to obtain additional outside counseling when needed. All students receive instruction using the California State Standards and district-adopted textbooks in all core subjects. A lower student-to-teacher ratio allows teachers to work in small groups or one-on-one more often to facilitate students meeting the standards. Santa Margarita Leadership Academy uses sound classroom management techniques as well as many positive reward incentives to assist students in making good choices and in developing positive behavior.

Santa Margarita Leadership Academy students are expected to meet the following learning goals:

1. Every student will communicate and work effectively with others
2. Every student will demonstrate proficient skills in reading, writing, speaking, social studies, mathematics, science, and technology
3. Every student will demonstrate responsibility to oneself, their school, and the community

Mission Statement:

To provide a safe, supportive learning environment that encourages and develops the students' interests and abilities to achieve academic, social, and future career success.

Vision Statement:

Santa Margarita Leadership Academy is an alternative program for students who have experienced challenges in the traditional school environment. It is an academically and behaviorally focused intervention program designed to assist upper elementary and junior high school students:

- Establish a pattern of academic success and good attendance
- Transition back to a regular elementary and junior high school or promote to high school
- Develop new habits in attendance, academics, and behavior that facilitate the student's future success in school

The District believes the educational success of our students is dependent upon quality academics, effective programs, and community partnerships. The Santa Margarita Leadership Academy is student-centered and adapts to meet individual needs. We believe that:

- All students can learn
- Each student should be given the opportunity to fully develop his/her potential
- There is a need to facilitate learning by drawing on individual strengths and learning styles
- Structured educational environments and programs help our students to learn
- There is a need to embrace diversity
- Collaborative relationships are essential in delivering quality services and effective programs
- We are accountable through evaluation of students and programs

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Textbooks are recommended by District academic committees which have representation from all school sites. A public review of proposed adoptions is advertised, and community members are invited to participate in this process. All students are assigned adopted textbooks. In Fallbrook Union Elementary School District each pupil, including English learners, has access to his or her own copy of the Standards-aligned textbooks (approved by the State Board of Education) and instructional materials in the core curriculum areas of reading/language arts, math, science, and history-social science to use in class and to take home. All textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Visual and performing arts are taught to all students through integrated lesson plans during regular curriculum instruction.

School Facility Conditions and Planned Improvements (Most Recent Year)

Santa Margarita Leadership Academy is housed at the Maie Ellis Elementary School. All classrooms, library, offices and staff lounge have upgraded technology and internet access. The custodial staff has developed a cleaning schedule to ensure a neat and orderly campus. The district maintenance staff ensures that the maintenance necessary to keep the school in good repair is completed in a timely manner. A Facilities Management system is used to ensure services and emergency repairs are given high priority. A facility inspection is done annually to identify future areas to address and prioritize facility needs. All areas of deficiency listed below have been corrected or remedial action is planned.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	--	--	57	53	50	50
Math	--	--	45	43	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

At Santa Margarita Leadership Academy, we believe parent involvement is critical. We are committed to daily communication with our families. Prior to entry into our academy parents/guardians are provided with an individualized intake meeting and our staff is available for one-on-one conferences as needed. As a partner school with Potter Junior High our parents are also welcome to participate in or attend all parent education opportunities and events they host, along with participating in or attending PJHS Parent Teacher Association and School Site Council meetings.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Each Fallbrook Union Elementary School District site completes a Comprehensive School Safety Plan* (CSSP), including a disaster preparedness plan annually. School administrators work closely with local law enforcement, fire department and/or the Provost Marshall's Office on Camp Pendleton who review the plans and also participate in emergency drills, provide feedback, attend site and district safety meetings and collaboratively help to improve overall campus safety, climate, and security. Copies of the Comprehensive School Safety Plans are available for review at each school office. The plan includes emergency procedures for school safety, natural disasters, and campus intruders. It also contains appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety. Students, teachers, and staff are trained to prepare for a wide range of emergency situations, and frequent drills help to refine emergency skills, policies, and procedures at all school sites. Following each drill, specific and intentional feedback is sought from all participants to continually improve emergency procedures, and improve campus safety.

Finally, school and district administrators immediately investigate threats of harm. Teachers and administrators seek to foster lines of open communication so students and parents feel comfortable reporting inappropriate activity including bullying, harassment, or threats. All FUESD staff take a strong stand against threatening behavior or bullying and investigate complaint matters fully. Many positive programs exist districtwide to enhance and continually improve school culture and climate, including Positive Behavior Intervention and Support, Restorative Practices, Suicide Prevention, Anti-Vaping Education and Trauma-Informed Practices.

*The Santa Margarita Leadership Academy students and staff are included in the Maie Ellis Elementary CSSP and work collaboratively to meet student safety needs.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	6	6

FUESD provides research-based professional learning to support the effective implementation of standards-based curricula, instruction, and assessment. During the 2019-20 school year, all teachers continue to be supported in their effective discernment in applying the District's instructional framework which encompasses: Direct Interactive Instruction (DII), the 5 Es (Engage, Explore, Explain, Elaborate and Evaluate) Model of Instruction and Project Based Learning (PBL). All school sites have full-time Teachers on Special Assignment (TOSAs) whose focus is to provide job-embedded coaching and direct teaching in Science, Technology, Engineering and Mathematics (STEM). The TOSAs also co-plan and co-teach hands-on, conceptual lessons in Mathematics and Science in Innovation Labs at all K-6 and K-8 schools. All Science units in Grades K-8 are NGSS aligned. All teachers are supported in their implementation of new supplemental curriculum, Lingual Learning, to teach English Language Development (ELD). All teachers have attended standards-based training in California State Standards Mathematics and English Language Arts, and are in the fifth year implementation of an online planning tool, Lessonier. The district is in the third year partnership with Discovery Education/STEMformation to support our efforts to redesign teaching and learning with a systematic, comprehensive approach for creating and implementing personalized and inquiry-based STEM classrooms. Every school site also developed site-specific professional growth plans that are aligned with the FUESD Blueprint for Student Success 3.0. Each Wednesday is a shortened school day devoted to structured teacher collaboration and planning. All teachers and classified staff have been trained in the District's student and adult leadership initiative, The Leader in Me, based on Stephen Covey's work in developing the "7 Habits of Highly Effective People." Staff members attend training outside of the district facilitated by highly trained and respected professional educators to support the effective implementation of instructional initiatives. During the 2019-20 school year staff attended professional development in the areas of Mathematics Conceptual Understanding, STEM, English Language Development and Data Analysis. All teachers are required to attend a minimum of 30 hours of professional development each year.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
