2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

# General Information about the School Accountability Report Card (SARC)

# SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

#### The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### 2022-23 School Overview

La Paloma Elementary is a school of scholars, leaders, and professionals who work in collaboration to empower each student with the academic expertise, leadership, and personal growth that will prepare them for the college and career of their choice. Our school was recognized by the California Department of Education as a Distinguished School in 2014 and as an Honor Roll School in 2015 and 2017. In 2022, La Paloma was awarded the California Pivotal Practice (CAPP) Award highlighting an innovative practice that was implemented during the 2020–21 school year, when California required schools to offer distance learning due to the COVID-19 pandemic La Paloma is one of eight schools in the Fallbrook Union Elementary School District. We serve an ethnically diverse community in the northern part of San Diego County. Approximately 34 percent of the students who attend La Paloma speak English as a second language, and over 73 percent come from families considered to be socioeconomically disadvantaged.

At La Paloma Elementary School, we have established a culture of achievement for all by creating a school environment that embraces inclusion, leadership, intentional instruction, and meaningful engagement of all stakeholders on a beautiful, well-maintained campus. To effectively serve our students with special needs, we have two learning centers and an Intensive Behavior Intervention program, at both the primary and intermediate levels. The teachers in our special education programs work closely with our general education teachers to ensure our students in special education learn alongside their general education peers. In addition to intentionally creating a culture of inclusion, we work to develop the leadership skills of both students and adults. The Leader in Me program is infused throughout our school culture in order to cultivate the personal leadership skills of students, and enhance the personal and professional leadership skills of our staff. In 2017 we were honored as a Lighthouse Leadership school by Franklin Covey. An important part of our leadership practice is for adults and students to work in concert to create and maintain learning environments that are inspiring and engaging. Motivating leadership quotes adorn our halls and college flags are flown outside of each classroom door. We also prioritize social-emotional learning. Our school counselor and our new social worker support our staff and students with social-emotional learning resources and skills.

At La Paloma, we nurture leadership, innovation, and intellectual curiosity to prepare each student to embrace lifelong learning. Our staff challenges students to explore, read, imagine, write, create, and compute so that they have the breadth and depth of experience to become confident and informed scholars and leaders. We challenge and encourage students to make connections between their studies and the real world. Teachers are intentional about creating differentiated learning experiences that are engaging and responsive to the needs of each student. In addition, a part-time intervention / Language Academy teacher, Reading Intervention teacher and 3 intervention technicians provide targeted instruction to ensure all

#### 2022-23 School Overview

students master the academic standard. In concert with differentiation, we personalize learning by using Thrively to identify and build upon the interests and strengths of our students. Our strong focus on cross curricular integrated units gives our students the opportunity to learn the standards across content areas and also develop their 21st Century skills. Teachers are supported in their instruction of science, technology, engineering and mathematics with the assistance of our full-time Innovation Lab teacher. With a strong focus on STEM and hands-on learning, La Paloma students have the opportunity to engage in hands on science in our Innovation Lab. Our school garden extends learning beyond the classroom walls. Technology is meaningfully integrated into teaching and learning through the use of Chromebooks, Defined Learning, Freckle as well as in our Innovation lab, and additional instructional resources. Art is also integrated into students learning in the classroom, along with the opportunity to visit Luminary Arts for music, dance and theatre.

Children are not the only learners at La Paloma. Our teachers continuously refine their practice by participating in regular professional development and collaboration. Teachers are supported in their instruction of science, technology, engineering and mathematics. La Paloma is a place of continuous learning and meaningful engagement for adults. Teachers meet in grade level teams weekly for focused collaboration and data analysis. Both certificated and classified employees regularly attend district-level professional development and outside conferences. We educate parents through Parent Academies, and welcome all to share innovative ideas for our school through site councils and Coffee & Conversation with the Principal meetings. It is our vision that by creating a culture of achievement for all, we can develop individuals whose joy in learning, personal integrity, and compassionate leadership enable them to lead meaningful lives as contributing citizens in a changing, dynamic world.

#### Mission Statement:

To empower each student with the academic expertise, leadership, and personal growth that will prepare them for the college and career of their choice.

#### Vision Statement:

To develop individuals whose joy in learning, personal integrity, courage, and compassionate leadership enable them to lead meaningful lives as contributing citizens in a changing, dynamic world.

### 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks are recommended by District academic committees which have representation from all school sites. A public review of proposed adoptions is advertised, and community members are invited to participate in this process. All students are assigned adopted textbooks. In Fallbrook Union Elementary School District each pupil, including English learners, has access to his or her own copy of the Standards-aligned textbooks (approved by the State Board of Education) and instructional materials in the core curriculum areas of reading/language arts, math, science, and history-social science to use in class and to take home. All textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Visual and performing arts are taught to all students through integrated lesson plans during regular curriculum instruction, as well as outside contractors.

# **School Facility Conditions and Planned Improvements**

La Paloma Elementary School has 38 classrooms as well as auxiliary rooms including a library, multipurpose room and cafeteria. All classrooms, library, offices and staff lounge have upgraded technology and internet access. The Facilities Department has systems in place to maintain a safe and orderly campus. Detailed cleaning schedules as well as major maintenance life cycle plans for items such as hvac, roofs, flooring and mechanical systems are utilized. HVAC systems are well maintained with regular filter changes. District maintenance staff ensures that the maintenance necessary to keep the school in good repair is completed in a timely manner. A Facilities Management system has been upgraded and is used to ensure safety related repairs are given high priority. A facility assessment is done annually to identify and prioritize potential facility improvements. All areas of deficiency listed below have been corrected or remedial action is planned.

#### **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### **Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	51	N/A	49	N/A	47
Mathematics (grades 3-8 and 11)	N/A	36	N/A	33	N/A	33

#### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

La Paloma Elementary School is committed to working with our parents to extend and enrich the school experience for all students. We believe in providing parents and families with regular communication through our school website, Peachjar flyers, "all calls," social media feeds, and our weekly communication folders. Opportunities for parents to engage in the school are outlined annually in our Parent and Family Engagement Plan. We welcome parents on our campus/or virtually and annually offer a "Meet and Greet" before school begins, a Fall "Back To School Night," student-led parent conferences, Coffee and Conversation with the Principal, a "Leadership Day," Family events, and a Spring "Open House", whether it is in-person following all safety protocols or virtually. We offer a variety of parent volunteer, education, and engagement opportunities at our school sites and centrally, in-person or virtually. We encourage parents and community members to join the Parent Teacher Association (PTA), and to participate by attending various school committee meetings such as School Site Council (SSC), English Learner Advisory Committee (ELAC) and Lighthouse Leadership Meetings, virtually or in-person if allowable. For more information regarding parent involvement opportunities please see the school site Parent and Family Engagement Plan, contact the site administration or your child's teacher.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

#### 2022-23 School Safety Plan

Each Fallbrook Union Elementary School District site completes a Comprehensive School Safety Plan (CSSP), including a disaster preparedness plan annually. School administrators work closely with local law enforcement, fire department and/or the Provost Marshall's Office on Camp Pendleton who review the plans and also participate in emergency drills, provide feedback, attend site and district safety meetings and collaboratively help to improve overall campus safety, climate, and security. Copies of the Comprehensive School Safety Plans are available for review at each school office. The plan includes emergency procedures for school safety, natural disasters, and campus intruders. It also contains appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety. Students, teachers, and staff are trained to prepare for a wide range of emergency situations, and frequent drills help to refine emergency skills, policies, and procedures at all school sites. Following each drill, specific and intentional feedback is sought from all participants to continually improve emergency procedures, and improve campus safety.

School and district administrators immediately investigate threats of harm. Teachers and administrators seek to foster lines of open communication so students and parents feel comfortable reporting inappropriate activity including bullying, harassment, or threats. All FUESD staff take a strong stand against threatening behavior or bullying and investigate complaint matters fully. Many positive programs exist districtwide to enhance and continually improve school culture and climate, including Positive Behavior Intervention and Support, Restorative Practices, Suicide Prevention, Anti-Vaping Education and Trauma-Informed Practices.

Finally, every school site and the district office have developed safe reopening plans to address the COVID-19 pandemic and can be found on the district website at http://www.fuesd.org. Plans were developed in consultation with the County of San Diego Health and Human Services Agency, Public Health Services, and is based on the guidance articulated by the California Department of Public Health in its COVID-19 Industry Guidance: Schools and School Based Programs. The plans outline general health and safety measures, practices to promote healthy hygiene, cleaning, disinfection and ventilation procedures, social distancing measures, and staff training. Use of these plans demonstrate compliance with the county public health order and may change based on guidance from public health.

#### **Professional Development**

Leading up to the 2022-23 school year, FUESD offered an array of professional development opportunities for teachers and staff in both in-person and virtual formats. Professional development (PD) priorities included the expansion of the Transitional Kindergarten, comprehensive early literacy skills, math strategies, and training for the new Character Strong program. FUESD continues to provide research-based professional learning to support the effective implementation of standards-based curriculum, instruction, and assessment. All new teachers and classified staff were trained in the District's student and adult leadership initiative, The Leader in Me, based on Stephen Covey's work in developing the "7 Habits of Highly Effective People." The Educational Services department also provided PD in the areas of Mathematics Conceptual Understanding, Project Based Learning, English Language Development, Data Analysis, and effective use of materials to address learning loss due to school closures and loss of instructional time. Funds were also allocated to allow each school site to personalize professional development opportunities in alignment with the school's plan for student achievement.
