## 2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

### 2025-26 School Description and Mission Statement

Live Oak Elementary School has an enrollment of approximately 685 unique and culturally diverse students in Transitional Kindergarten through sixth grade. Our school is situated on a picturesque 12-acre site located in the southeastern part of Fallbrook, near historic Live Oak Park. Recently named a California Distinguished School, Live Oak Elementary has an impressive focus on academic achievement, student leadership, and developing the whole child. Live Oak teachers are reflective, research driven practitioners, that construct and use an array of assessments, data results, and instructional resources to structure engaging learning opportunities for its students in a compassionate, student-centered environment. As a Franklin Covey Leader in Me Lighthouse School, Live Oak students are engaged, take responsibility for their learning, and respect themselves and others in a safe learning environment; where high standards, leadership goals, and a growth mindset

## 2025-26 School Description and Mission Statement

are of greatest priority. The Live Oak staff believes in building strong relationships with all students and families, and parent involvement is of great importance and directly connected to our success at LOE.

At Live Oak, we implement Positive Behavior Intervention and Support practices (PBIS), and equip our students with problem solving skills to support social and emotional success. We strive to ensure that all of our students will become high school graduates who are self-confident and skilled citizens, ready to embrace college and career goals through hard work and perseverance. As a professional learning community, we have implemented the California State Standards using a common instructional framework, while maintaining a needed focus on our English language learners. The Live Oak staff remains committed to providing differentiation and individualized learning through small group instruction, a focus on tier 1 instruction, and relevant and engaging instructional strategies. Our strong focus on hands-on learning and leadership sets us apart from other schools, and gives our students the advantage they need to be contributing members of a global society.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks are recommended by District academic committees which have representation from all school sites. A public review of proposed adoptions is advertised, and community members are invited to participate in this process. All students are assigned adopted textbooks. In Fallbrook Union Elementary School District each pupil, including English learners, has access to his or her own copy of the Standards-aligned textbooks (approved by the State Board of Education) and instructional materials in the core curriculum areas of reading/language arts, math, science, and history-social science to use in class and to take home. All textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Visual and performing arts are taught to all students through integrated lesson plans during regular curriculum instruction, as well as outside contractors.

## School Facility Conditions and Planned Improvements

Live Oak Elementary School has 36 classrooms as well as auxiliary rooms including a library, multipurpose room and cafeteria. All classrooms, library, offices and staff lounge have upgraded technology and internet access. The Facilities Department has systems in place to maintain a safe and orderly campus. Detailed cleaning schedules as well as major maintenance life cycle plans for items such as hvac, roofs, flooring and mechanical systems are utilized. HVAC systems are well maintained with regular filter changes. District maintenance staff ensures that the maintenance necessary to keep the school in good repair is completed in a timely manner. A Facilities Management system has been upgraded and is used to ensure safety related repairs are given high priority. A facility assessment is done annually to identify and prioritize potential facility improvements. All areas of deficiency listed below have been corrected or remedial action is planned.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	53	57	52	56	47	48
<b>Mathematics</b> (grades 3-8 and 11)	41	49	42	45	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

Live Oak Elementary is committed to working with our parents to extend and enrich the school experience for all students. We believe in providing parents and families with regular communication through our school website, ParentSquare, Peachjar flyers, "all calls," social media feeds, newsletters, and our weekly communication folders. Opportunities for parents to engage in the school are outlined annually in our Parent and Family Engagement Plan. We welcome parents on our campus and annually offer a "Meet and Greet" before school begins, a Fall "Back To School Night," student-led parent conferences, Coffee and Conversation with the Principal, a "Leadership Day," Family events, and a Spring "Open House". We offer a variety of parent volunteer, education, and engagement opportunities at our school sites and centrally. We encourage parents and community members to join the Parent Teacher Association (PTA), and to participate by attending various school committee meetings such as School Site Council (SSC), English Learner Advisory Committee (ELAC) and Lighthouse Leadership Meetings. For more information regarding parent involvement opportunities please see the school site Parent and Family Engagement Plan, contact the site administration or your child's teacher.

## 2025-26 School Safety Plan

Each Fallbrook Union Elementary School District site develops and annually reviews a Comprehensive School Safety Plan (CSSP) in accordance with California Education Code Section 32280-32289 and Governing Board Policy 0450 (Comprehensive Safety Plan). These plans include detailed disaster preparedness procedures and emergency response protocols to ensure student and staff safety.

### Collaborative Safety Planning

School administrators collaborate closely with local law enforcement agencies, the fire department, and the Provost Marshall's Office at Camp Pendleton to ensure comprehensive safety planning. These partners actively participate in:

- Annual review and approval of school safety plans
- Participation in emergency preparedness drills
- Attendance at site and district safety committee meetings
- Provision of professional feedback and recommendations
- Ongoing efforts to improve campus safety, security, and climate

Copies of each school's Comprehensive School Safety Plan are available for public review at the respective school office during regular business hours, in compliance with Education Code Section 32288.

### Emergency Preparedness and Response

Each CSSP contains procedures and protocols addressing:

- Natural disasters (earthquakes, fires, floods)
- Campus intruders and lockdown situations
- Medical emergencies
- Evacuation and shelter-in-place protocols
- Communication systems for emergency notifications
- Strategies and programs to maintain high levels of school safety

In accordance with Education Code Section 32001, students, teachers, and staff participate in regular emergency drills, including fire, earthquake, and lockdown procedures. Following each drill, administrators conduct debriefing sessions and solicit feedback from all participants to identify areas for improvement and refine emergency response protocols.

### Threat Assessment and Investigation

Pursuant to Governing Board Policy 5144 (Discipline) and Policy 5131.4 (Campus Disturbance), school and district administrators immediately investigate all threats of harm. The district maintains multiple reporting channels to encourage students, parents, and staff to report concerning behavior, including bullying, harassment, threats, or other inappropriate activities (Education Code Sections 234.1, 234.4).

All FUESD staff are trained to recognize warning signs and take a firm stand against threatening behavior, bullying, and harassment as outlined in Governing Board Policy 5131.2 (Bullying). Complaints are investigated fully and promptly in accordance with applicable policies and Education Code provisions.

### Positive School Climate and Prevention Programs

The district has implemented multiple evidence-based programs to enhance school culture, promote positive behavior, and support student well-being:

- Positive Behavior Interventions and Supports (PBIS)
- Restorative Practices
- Suicide Awareness and Prevention (Education Code Section 215)
- Anti-Vaping Education (Education Code Section 48900)
- Trauma-Informed Practices
- Mental Health and Student Support Services

In accordance with Governing Board Policy 5141.6 (School Health Services) and Education Code Section 49428, FUESD has enhanced its mental health support infrastructure by adding more:

## 2025-26 School Safety Plan

School Counselors  
 School Social Workers  
 School Psychologists  
 Behavior Specialists  
 Registered Behavior Technicians (RBTs)

These professionals implement the district's social-emotional learning curriculum, address student engagement and chronic absenteeism concerns, provide mental health assessments and counseling services, deliver targeted behavioral interventions and support, and coordinate with families to ensure comprehensive student support. This proactive approach reflects the district's commitment to creating safe, supportive learning environments where all students can thrive academically, socially, and emotionally.

## Professional Development

As part of FUESD's vision for continuous improvement, the district offered a comprehensive suite of professional development (PD) opportunities leading up to the 2025-26 school year. These efforts aimed to support teachers and staff in delivering high-quality, engaging instruction that fosters student growth. Key PD priorities included:

- 1. Building a Culture of Reading:** Professional learning was centered around developing a school-wide culture of literacy, equipping educators with strategies to cultivate a love for reading and strengthen students' reading proficiency.
- 2. Mathematics Conceptual Understanding:** Targeted PD sessions enhanced teachers' abilities to facilitate deep conceptual understanding in math, supporting students in mastering mathematical reasoning and problem-solving skills.
- 3. Site-Based Professional Learning:** Funds were allocated to each school site to personalize professional development opportunities, allowing for targeted support aligned with the school's unique goals and its Single Plan for Student Achievement (SPSA).

A cornerstone of FUESD's approach to professional learning is the use of Professional Learning Communities (PLCs) by grade level, fostering collaboration among teachers to drive data-informed instruction. These grade-level PLCs serve as a dynamic space for:

**Data Analysis:** Teachers come together to analyze data from common assessments, identifying trends and pinpointing areas where students excel or need additional support.

**Sharing Best Practices:** PLCs provide a platform for educators to exchange effective strategies and instructional techniques that align with the district's Tier 1 priorities and curriculum standards.

**Developing Instructional Plans:** Collaboratively, teachers create targeted plans of instruction to address identified gaps and build on student strengths. This ensures a cohesive approach to addressing student needs across classrooms and grade levels.

By integrating the insights gained through PLC discussions with the district's PD priorities, FUESD is creating a unified and collaborative learning culture that advances teaching excellence and student achievement.

In addition to literacy and mathematics, FUESD has placed a strong and intentional focus on writing as a critical lever for student achievement across content areas. Professional learning emphasized explicit writing instruction, language development, and opportunities for students to write routinely for authentic purposes. Teachers engaged in strategies that support sentence-level development, structured academic discourse, and extended writing tasks aligned to grade-level

## Professional Development

standards. Through PLCs, educators analyzed student writing samples, calibrated expectations, and planned targeted instruction to strengthen clarity, organization, and evidence-based reasoning. By elevating writing as both a literacy skill and a tool for learning, FUESD is ensuring students develop the language, confidence, and critical thinking skills necessary for success across disciplines.
